RE: 2021 Recommended Budget

Purpose

To present the 2021 recommended budget for the Comox Strathcona Regional Hospital District (CSRHD).

Recommendation from the Chief Administrative Officer

THAT the 2021 recommended budget for the Comox Strathcona Regional Hospital District be approved as presented.

Executive Summary

The 2021 proposed budget as included in Appendix E was approved by the board on November 12, 2020, with a motion to reduce the requisition by \$4.4 million for the 2021 budget. This change has been enacted into the recommended budget with a reduction in transfers to the future expenditure reserve. The recommended budget also reflects the known 2020 year-end surplus and the prior year capital project/equipment carry forwards.

The 2021 recommended budget includes:

- The 2021 requisition of \$12,600,000, is reduced from \$17,000,000 in 2020 and prior years by eliminating the proposed contribution to reserves of \$4.4 million to fund only ongoing costs of this service which includes debt servicing of \$10.74 million, \$1.88 million for health care grants, and \$276K for operational costs of the service. Other revenues include grants in lieu and interest revenue.
- This requisition reduction of \$4.4 million provides for a 2021 estimated residential tax rate per \$1,000 taxable value of \$0.3815 (2020 - \$0.5407). This reduces the tax impact for a home assessed at \$500,000 from \$270 in 2020 to \$191 in 2021.
- The 2020 surplus of \$1,022,694 resulting from unspent grants and other spending has been primarily transferred to reserve for future expenditures.
- The future expenditures reserve balance of \$24,216,055 at the end of 2020 includes \$2,047,188 of carry forward grants with Island Health, providing an estimated available balance of \$23,191,561 for future priorities of the Board. The Board is currently undergoing strategic planning which may define the future purpose of these funds and also may consider optimum reserve levels based on board priorities for this service moving forward.

- The annual funding allocation of \$1,850,000 for minor equipment and projects (\$5,000 up to < \$1,500,000) will be funded entirely through current year taxation, as will be the \$5,000 each in annual unconditional grants provided to the six named health facilities within the hospital district region. Additional capital requests for these rural health care facilities are funded through the \$1.85 million allocation as requested.

RE: 2021 Provisional Budget

Purpose

To present the 2021 provisional budget for the Comox Strathcona Regional Hospital District (CSRHD).

Recommendation from the Chief Administrative Officer

1. THAT the 2021 provisional budget for the Comox Strathcona Regional Hospital District be adopted as presented in the staff report dated November 6, 2020.

Executive Summary

The provisional budget is a legislative requirement for regional hospital districts to be approved by December 31st and provides the authority for expenditures until it is replaced by the annual budget adopted by the CSRHD board before March 31, 2021.

The 2021 provisional budget as summarized in Appendix B includes:

- As per board direction, the 2021 requisition of \$17,000,000 remains unchanged from prior years (since 2015) translating to a 2021 proposed residential rate per \$1,000 taxable value of \$0.5407. The current requisition is estimated at \$270 for a \$500,000 average house.
- The requisition funds \$12.9M of annual costs which includes \$298K of operational costs, \$1.88 million for health care grants, \$10.74 million for debt servicing primarily for the North Island hospitals in Campbell River and Courtenay. The remaining funds from the standing \$17M requisition, which totals \$4.4 million in 2021, are transferred to reserve.
- Capital grants being carried over or committed from previous years total \$2.1 million; \$1.94 million in minor grants, and \$165K in major grants. These are funded by reserve.
- The CSRHD budget currently funds acute care facility and equipment capital needs for the North Island hospitals in Courtenay and Campbell River, as well as surrounding regional health facilities in the Strathcona and Comox Valley Regional District boundaries.

---------------	---

Background/Current Situation

The provisional budget is being presented with limited changes from the prior year. As per the financial planning policy, Appendix A summarizes the requisition allocations to the various participants, Appendix B contains the consolidated budget, and details and prior years' comparisons are provided in Appendices C and D.

Requisition

As per board direction, the 2021 requisition of \$17,000,000 remains unchanged from prior years (since 2015) translating to a 2021 proposed residential rate per \$1,000 taxable value of \$0.5407. The current requisition will equate to approximately \$270 per \$500,000 average house value in the region for this service. Each \$1 million of requisition is estimated to impact an average house by \$16 in taxation.

Operating expenses

Operating expenses including general administration, governance, travel, legal and professional fees. Administration expenses from the CVRD of \$151,000 are included. These expenses are unchanged since 2012. This amount will be reviewed periodically to reflect current costs of service provision.

Professional fees includes \$20,000 for strategic planning/board orientation with another \$15,000 budgeted as an allowance for any additional liaison or study work and \$7,900 for the annual fiscal audit.

Operating grants

Annual unconditional grants of \$5,000 for each of the six named health facilities other than hospitals in the CSRHD region total \$30,000; this includes Zeballos, Cortes, Kyuquot, Tahsis, Gold River, and Sayward.

Minor capital grants - projects/equipment \$5,000 to \$1,500,000

The CSRHD financial planning policy provides for an annual fixed allocation of \$1,850,000 towards Island Health's annual minor equipment/project needs under \$1.5 million. The allocation represents a 40 per cent share of capital equipment/project costs with Island Health providing the balance of 60 per cent.

Average spend in recent years has been \$500-700,000 annually with both the Campbell River and Courtenay hospitals being recently constructed therefore equipment needs are not significant at this time. The annual allocation to Island Health is expected to increase closer to the \$1,850,000 budget as equipment and technology ages. Any funds unspent from the agreed upon annual allocation are transferred to reserve and carried forward. The minor capital grants being carried forward from previous years is \$1,946,680.

Major capital grants - projects/equipment greater than \$1,500,000

Island Health has identified no capital projects over this threshold for the coming year within the current service level mandate in acute care. The 2020 provisional budget includes a \$165,363 carry forward for the balance of the Unit Dose Medication Distribution (UDMD) project. Island Health project planning budget is dependent on Ministry of Health treasury process, therefore planned projects for regional hospital districts is typically uncertain in the long-term unless a priority project

is identified and approved. There are currently no major capital projects expected from Island Health in the CSRHD region for acute care in the short to long-term.

Long-term debt repayment

The CSRHD has two debt issues outstanding with the Municipal Finance Authority, the most significant being the North Island Hospital Projects (NIHP) for the Campbell River and Courtenay hospitals completed and opened in fall 2017; the CSRHD 40% portion of the hospital projects was \$237.7 million with \$148.7 million funded by reserves and \$89 million funded by debt. Due to the accumulation of reserve funds leading up to construction and low interest rates the debt term was reduced to 10 years from the originally anticipated 20 year term, with repayment by 2028.

Debt Issue	Annual Payment	Principal	Interest	Term End	Rate	Term (yrs)
Issue 99	\$24,800	\$16,304	\$8,496	2026	4.43%	20
Issue 146 (NIHP)	\$10,718,702	\$7,841,934	\$2,876,768	2028	3.20%	10
TOTAL	\$10,743,502	\$7,858,238	\$2,885,264			

Future expenditure reserve

The transfers to the future expenditure reserve have been significant over the past many years due to planning for the North Island Hospital construction projects with a total budget of \$601,750,000 for the two hospitals in Courtenay and Campbell River. With the completion of these projects in 2017 there are currently no major projects planned for the current service levels of acute care in Island Health's needs assessment for the CSRHD region. As the hospitals facilities and related equipment and technology ages, these needs will again increase. The current \$1.85 million annual allocation for capital grants are adequate to meet the short and long-term needs in acute care for the region.

The annual requisition at \$17 million since 2015 funds the ongoing annual costs of this service including Island Health grants and debt servicing costs. Therefore any net remaining is transferred to reserve in addition to debenture refunds, operating and capital project surpluses. At this time, the board has not specified a purpose for these accumulating reserves. In 2020, the board was to engage in a strategic planning session to review and confirm its mandate and related service levels, including the purpose of the future expenditure reserve funds. Due to the COVID-19 pandemic, the session has been deferred and is expected to be undertaken during 2021 when regular face-to-face meetings can resume. The projected ending balance of this reserve in 2020 after previous year commitments is \$22.2 million plus an additional \$4.4 million proposed allocation for 2021 which will provide \$26.6 million in this reserve at the end of 2021.

Reserve	2019	2020	2021
Beginning	\$11,879,122	\$17,891,182	\$22,203,796

Expenditures/Committed	(143,223)	(2,112,043)	-
Ending	\$17,891,182	\$22,203,796	\$26,573,791

Policy Analysis

Per section 23 of the *Hospital District Act*, regional hospital districts must prepare and adopt, before December 31st, a provisional budget for the following calendar year. This report is provided within the framework of the current CSRHD financial planning policy.

In 2020 CSRHD board confirmed its mandate to provide capital funding support to Island Health for acute care facilities, which focuses on healing sick patients. Island Health has identified other

capital needs in the region that support health care to residents in the North Island region, with long-term care facilities being identified as a high need, particularly in Campbell River. Regional hospital districts funding long-term care facilities is becoming more common given aging demographics across BC. Other areas of health care that have been designated under the Hospital Act for regional hospital districts to fund capital include mental health, public health facilities, and long-term care facilities. The CSRHD mandate to fund solely acute care facilities in the region may be reconsidered during 2021 strategic planning.

At the September 17, 2020 CSRHD Board meeting, the following resolution was passed:

THAT the Board direct staff to undertake a review of Comox Strathcona Regional Hospital District service level needs.

The strategic review of service levels is expected to be undertaken through 2021 financial and board strategic planning. The proposed budget as presented is based on the current service levels.

Options

As legislation requires the provisional budget to be adopted by December 31, the options available for the board are to approve the provisional budget as presented or to approve with amendments. The board will have several subsequent opportunities to review and deliberate the 2021 budget prior to final adoption by March 31st, 2021.

Financial Factors

The 2021 proposed residential rate per \$1,000 taxable value is \$0.5407 (based on the 2020 revised converted role) which is equal to the 2020 requisition tax rate used. The apportionment between the Municipal members and the Electoral Areas will be recalculated once the 2021 completed assessment roll is received in January 2021. This will be presented with the recommended budget prior to the end of March 2021. The recommended budget will also reflect any actual prior year capital project and operating surplus carry forwards and other updates as required.

Legal Factors

Per section 23 of the *Hospital District Act*, regional hospital districts must adopt an annual budget by March 31st of each year.

Intergovernmental Factors

The Comox Valley Regional District (CVRD) executive management branch works with Island Health capital staff with regards to annual capital funding and project requirements.

Interdepartmental Involvement

Management and administration support is provided by the Comox Valley Regional District administration team.

Citizen/Public Relations

The 2021 BCAA property assessed values will not be received until January, however as the requisition is maintained at the same level as 2020, there will be minimal or no change for taxpayers in 2021.
